24 HOUR M.E.B.A. HOTLINE

M.E.B.A.'s 24-hour Toll-Free Hotline is now at full functionality as an M.E.B.A. official manning the line stands ready to help tackle crisis situations and address other matters of urgent concern to our members.

The Hotline has been set up as one of the many initiatives to better service the membership and further heighten the working experience for our M.E.B.A. professionals. It provides a channel to those who can connect our members to an expert within the M.E.B.A. arena that can best respond to the important areas at hand.

Lower level concerns of the less pressing variety don't need to be funneled through the new M.E.B.A. Hotline. Rather, this was set up to provide a pipeline to help rectify problems encountered on the job of the most imperative nature – as well as to provide a conduit to accept important game-changing information that needs to be shuttled to the highest M.E.B.A. echelons with the most immediacy.

M.E.B.A. officials will be manning the Hotline on a rotational basis. This Hotline Person-in-Charge will determine the best course of action to route the members' concerns and determine whether the issues demand priority status.

Remember this number: 1-888-519-0018. Write it down, and know that M.E.B.A. is there for you in your time of need.
