Turn back the Chronometer

1975

The December 1975 edition of the *American Marine Engineer* snapped a shot of M.E.B.A.'s oldest member—Anton Husberg who was born in 1879. The 96-year old Chief Engineer emigrated from Finland to this country in 1909 and came from a long line of mariners. Efforts to contact Mr. Husberg for this article were unsuccessful.

1925

This photo that appeared in the March 1925 edition of the *American Marine Engineer* shows delegates and guests in attendance at the 50th Annual Convention of the National M.E.B.A. at the White House in Washington D.C. William S. Brown was M.E.B.A.'s President and Headquarters office was located in the Machinists Building at 9th Street & Mount Vernon in D.C.
